Signature Cracks:

achieve the enticing cracked top that adds an artisanal touch to your brookie creations.

Gooey Center:

dive into a soft, gooey center that promises a blissful melt-in-your-mouth experience.

BROOKIE MIX

SwissBake® Brookie Mix is a unique confectionery fusion of chewy-crisp cookies with soft-fudgy brownies. Our innovative mix is formulated with Swiss expertise and precise blends of ingredients thereby simplifying process of fusion baking while allowing to it be a versatile base for various brookie flavour creations.

The complete brownie cookie mix is 100% egg-free and with the simple inclusion of only water & unsalted butter, a perfect brookie dough is ready! Once baked to perfection, brookies feature the luxury of gooey-centered decadence and chocolatey richness with a signature cracked top.

BAKER RECIPE

| | |
|-------------------|---------|
| COOKIE MIX | 1000 gm |
| Water | 100 gm |
| Butter (Unsalted) | 260 gm |

INGREDIENTS

Refined Wheat Flour, Castor Sugar, Whey Protein Isolate, Cocoa Solids, Nature Identical Flavourings (Vanilla, Chocolate).

BAKING METHOD

Place **SwissBake® Brookie Mix** in a mixing bowl with a paddle attachment. Add water & unsalted butter in the bowl as well. Blend all the ingredients together on slow speed for 1 minute. Scrape down the mixture and blend again for 1 minute. Drop the brookie dough of required weight on a baking tray. The standardization for small cookies is 20 - 30 gm each and for large cookies 45 - 70 gm each. Do not flatten the brookie dough on the baking tray as the dough will self flow in the oven. Bake at 160°C to 180°C for 15-18 minutes.

Cool down the brookies and serve!
